

Dear Mr. Hilland, I am writing pursuant to your letter dated November 26, 2008 and our recent telephone conference. Accordingly, be advised that the Committee had inadvertantly failed to file the three 48 hour notices set forth in your letter. Although the committee filed all other 48 hour notices as required the software was not set to a date that captured and reported the receipt of said three contributions. The miscommunication that led to this error has has been resolved and corrective steps are in place to prevent this from happening in the future. Your consideration in this matter is greatly appreciated and feel free to contact me should there be anything else that is required. Regards, SCOTT G. KAUFMAN, Treasurer. 718-457-8585
